GEMINAE PROGRAM

BEST PRACTICES #3

BEST PRACTICES AWARDS

The focus is on all areas of activity related to higher education and research: teaching, training, research, innovation, mobility, multilingualism, campus, green initiatives, socio-economic outreach and learning.

By showcasing these best practices, the UNITA Alliance wants to inspire others to universities to follow and emulate this initiative, and to create greater public recognition of the Geminae universities' practices.

"Geminae aims at sharing best practices to improve processes on a mutual basis principle: research, teaching, administration and governance."
