## Stories from UNITA

### **U\*Night - The UNITA European Researchers Night: another success for the UNITA constellation!**

In summer 2021 the UNITA Alliance took up the challenge to submit a joint proposal for the largest European public engagement event: the European Researchers Night (NIGHT). For many years, t[...]

### **Blended Intensive Programme**

Blended Intensive Programmes (BIP) are short, intensive programmes that use innovative ways of learning and teaching, including the use of online cooperation. The BIPs for students and staff comprise a short-term physical mobility from 5 to 30 days abroad combined with a virtual component facilitating [...]

## Research: the 2nd call for expression of interest is to close on March 15th

UNITA Research & Innovation cartography is a publicly accessible database mapping R&I activities carried out in UNITA universities. A first Call for Expression of Interest (CEI) for projects to be included in the cartography was held in January 2021. As a result of this first CEI, 465 projects were integrated, classified in three main Axes of Research: Cultural Heritage, Circular Economy and Renewable Energies.

A 2nd CEI opened on the 31st of January 2022 and will close on the 15th of March 2022. Members of the research staff of UNITA universities working on projects in one or more of the three Axes of Research are strongly encouraged to participate: it is a great opportunity to increase the visibility of projects, paving the way for the establishment of fruitful research synergies and partnerships among researchers from different universities, which can then team up to apply for fundings.

- > Duration 3 years
- > Start: 01/09/2021
- > Kick-off: 24/09/21 in Pau
- > First MC meeting: 8<sup>th</sup> September 2021

## Re-UNITA Key Information

On September 2021, the six universities of the UNITA Alliance began a new project, called "Re-UNITA: Research for UNITA", with a grant of 2 million € from the European Commission, in the framework of the H2020 programme, within the call « Science With and For Society » (SWAFS). Highlighting the importance of UNITA and its potential in the field of research and innovation, we aim, during the 3 years of the project, to create an enabling environment for the emergence of a shared research and innovation agenda within the UNITA alliance.
