

INTERCOMPREHENSION

FOR LANGUAGE FOR SPECIFIC PURPOSES

UNITA ERASMUS BLENDED INTENSIVE PROGRAMME

WHAT IS INTERCOMPREHENSION

Intercomprehension is a communicative approach where several languages of the same linguistic family are studied/used in parallel; these are either languages related to the learner's mother tongue (or the language of education) or related to a language already learnt.

PART 1: VIRTUAL ACTIVITY

The virtual activities will be carried out autonomously by the students and are based on the **plurilingual online course** "Elementi di Intercomprensione", freely available on the [Start@unito platform](#). A meeting will be first organized to explain the syllabus of the course, its goals and requirements

PART 2: INTENSIVE WEEK

Students will focus on the techniques and principles of IC in **Language for Specific Purposes (LSP)** contexts, participating to content classes. The choice of the LSPs to be dealt with will also be based on the profile of the students enrolled in the program.
