

# The contribution to the European Debate: The EGAI Winter School

West University of Timișoara  
Romania

# EGAI Winter School

- The winter school - dissemination activity complementary to the final scientific conference of the project
- The winter school: to be held in Timișoara, directed to administrative staff, project managers, and other professionals associated with universities and other higher education institutions
- The conference: to be held in Brussels, directed to the scientific community

# EGAI Winter School

- Location: Timișoara, Romania
- Organised by: West University of Timișoara
- Participation: open to administrative staff, project managers and university professionals from all European universities and other alliances regardless of how they are constituted
- Duration: 3-4 days
- Costs: participation will be free of charge

# EGAI Winter School

Objectives and activities: to provide training in a blended format on:

- inter-institutional cooperation,
- the legal instruments that can serve this purpose and
- the EEIG as a tool for collaboration between universities.

# EGAI Winter School

- The support materials will be delivered through an e-learning platform, which will also be used for the sharing of questions and best practices
- Upon the conclusion of the winter school, participants will be invited to attend the international scientific conference to be held in Brussels in the following days (participation will be possible online or in-person)
